

GENERAL TERMS AND CONDITIONS for
SITE DEVELOPMENT PERMIT
MINOR DEVELOPMENT (NO LAND USE)

1. This permit is issued by the City and is subject to Happy Valley Municipal Code Chapters 12.04, *Road Standards* and Chapter 12.05 *Utility Facilities in Public Rights-of-Way*, 15.20.030 *Erosion Prohibited*, 16.50 *Public Facilities*, the City's *Engineering Design and Standard Details Manual*, the construction plans and the terms and conditions contained herein and/or attached hereto, as accepted and approved by Applicant.
2. Permit Covers - This permit is intended to cover site development activities for the permitted project including erosion control and right of way construction activities (excluding franchise utilities which will be permitted separately).
3. As used in this permit:
 - "Applicant" means person, agent, firm or corporation requesting temporary use/activity within the public right of way.
 - "Property Owner" is any person, agent, firm or corporation having a legal or equitable interest in the adjacent property which the permitted activity is occurring.
 - "City" means the City of Happy Valley.
 - "Design Manual" means The City of Happy Valley Engineering Design and Standard Details Manual.
4. Availability of Permit - A copy of the permit including a Certificate of Insurance, approved construction plans, details and amendments shall be readily available and on site at all times. All work shall conform to special terms and conditions of this permit, the approved permit plans, approved plan amendment (if applicable), to the City's standards and specifications and to these General Conditions.
5. Bonding & Insurance - Unless waived, the applicant shall provide proof of insurance and bonds as required by HVMC 12.04.100, 12.05.150 and/or 16.50.080. The City of Happy Valley, its councilors, officers, agents, and employees shall be named additional insured using the appropriate endorsement. Owner/Applicant and Contractor's insurance shall be primary and noncontributory coverage.
6. Liability & Injury - The Applicant shall be responsible and liable for all accidents, environmental clean-up, damages or injuries to any person or property resulting from the construction, maintenance, repair, operation or use of a facility for which the Applicant may be legally liable. The Applicant shall defend, indemnify and hold the City and its officers, employees, agents and representatives harmless from and against any and all damages, claims, demands, actions, causes of action, costs and expenses of whatsoever nature which they or any of them may sustain by reasons of the acts, conduct or operation of the Applicant, his agents or employees in connection with the construction, maintenance, repair, operation or use of said facility.
7. City Staff Access - The Applicant/Owner shall give City Staff permission to enter the property described herein at any time to conduct inspections of any and all work being performed under this permit and understands that if inspectors are refused access for any reason, the city may immediately revoke this permit without any further notice and without any hearing prior to revocation. The Applicant also understands that any refusal to allow entry or access under this permit constitutes a violation of the City of Happy Valley Code.
8. Permit Expiration - **Dependent on project scope.**

EROSION CONTROL

9. Erosion and Site Condition - The work area and approach roads shall be maintained in a clean condition, free from obstruction and hazards. The spreading of mud or debris upon any street is strictly prohibited and shall be cause for immediate cancellation of the permit. The street shall be cleaned of all dirt and debris at the end of each workday, or more frequently as determined by the city. Cleaning of streets shall be with broom or vacuum at Applicant's expense. **No washing of materials into the public storm system is allowed.**
10. Required Erosion Control Inspections - An approved "initial inspection" is required before undertaking any construction, grading or excavation and an approved "final inspection" is required before the project is accepted or deemed complete. These inspections are to be requested by the Applicant and to be performed by the City Inspector or approved representative.
11. Additional Erosion Control Inspections - The City will conduct additional Erosion/Sediment Control Inspections during construction, and/or require the implementation of additional Erosion/Sediment Control Measures if the City deems such measures are necessary. Any site in non-compliance will be re-inspected. Re-inspection fees may be charged on those sites that fail to take corrective actions in full by the time of the next inspection. A STOP WORK ORDER will be issued on sites that continue to fail to comply with Erosion/Sediment Control Requirements.
12. Wet Weather Measures - Wet weather Erosion/Sediment Control Measures shall be in place and operational prior to the wet weather season between October 1st and May 31st.

TRAFFIC

13. Traffic Control Plan (TCP) - Applicant may be required to submit a TCP with the application. If a TCP is required, it will become part of the permit and must be readily available at the work area. Applicant must comply with a job specific TCP and shall at all times ensure the presence of workers, tools, materials, flaggers, barricades and other safety devices are placed properly to protect bicyclists, pedestrians, construction personnel and vehicular traffic. The TCP will become part of the permit and shall be readily available at the work area. All traffic control devices, flag persons, etc., shall be in place prior to initiation of construction and shall be effectively maintained throughout the duration of the project. Traffic control shall be in accordance with the current editions of the "Manual on Uniform Traffic Control Devices [MUTCD] for Streets and Highways", U.S. Dept. of Transportation, FHWA, American Traffic Safety Services Association [ATSSA], and Oregon Temporary Traffic Control Handbook [OTTCH]. All traffic control personnel shall have proper state of Oregon certification and be able to provide it to inspection representative if/when requested.

14. Construction Hours - Construction hours are from **7:00 a.m. to 6:00 p.m. Monday through Friday**, and **8:00 a.m. to 5:00 p.m. Saturday and Sunday**. *NOTE: In road work hours for locations near schools may be have additional restrictions.* The following activities are NOT allowed on Sundays and Holidays: site clearing, earth moving, installation or construction of underground utilities, paving of streets or sidewalks, foundation framing and pouring, and structural framing.

EXCAVATION AND CONSTRUCTION

15. Utility Notification - Oregon law requires the rules adopted by the Oregon Utility Notification Center to be followed if the work involves excavation. Those rules are set forth in OAR 952-001-0001 through OAR 952-001-0100. You may obtain copies of the rules by calling the Oregon Utility Notification Center at 1-800-332-2344 or visiting their website at <http://www.callbeforeyoudig.org/>. Other persons, companies, districts, and utilities occupy the public right-of-way. The Applicant shall immediately notify the specific facility(ies) and/or owner(s) if facilities are encountered. Relocation of existing facilities will be at Applicant's expense.
