#### 2011-12 BUDGET MESSAGE

#### To: Mayor, City Council, Budget Committee Members and Citizens

As required by Chapter 294 Section 294.305 to 294.520 of Oregon Revised Statues and Chapter VIII, Section 33 of the City of Happy Valley Charter, I submit the City's budget for fiscal year 2011-2012. This budget illustrates our commitment to a safe livable community, fiscal accountability, and providing effective and efficient services to our citizens and our community.

#### **REVIEW OF FISCAL YEAR 2010-2011**

During the current fiscal year we have seen positive movement in development and in building permits issued. Revenues are relatively stable compared to the previous year and we remain vigilant about reducing our expenditures. Although the economic recovery continues to be slow we remain optimistic about the future.

Some of our major accomplishments for fiscal year 2010-2011 are as follows:

Administration provided over 700 hours of facility usage for more than 40 community and governmental partners, established a Social Media Policy, provided timely and useful information to the public via our website and Facebook page and implemented various safety manuals and trainings.

This was the first year for the IT Department to provide more comprehensive in-house IT capability. We believe this change provided a valuable service and reduced expenditures. IT moved the City toward electronic document storage with the purchase of the document management system, upgraded one of our two servers, and has taken responsibility for IT functions formerly performed by other staff in order to consolidate the IT functions into one department.

Finance further refined the 5 year projection process which provided the capability to create a sustainable financial plan for the City. A system to receipt credit card payments directly into Incode was implemented to further the City's goal to integrate information from all departments into one system.

The City Recorder had a successful general election which included 2 City Council positions, the Mayor, and the Law Enforcement Levy. We implemented a second method for Declaration of Candidacy, managed the City's first ever Citizen Initiated Ballot Measure, managed three significant subdivision bond issues and claims, and provided oversight of the risk management program with a successful negotiation of renewal resulting in zero overall increase in Property and Casualty insurance.

Human Resources successfully implemented a new health care plan and employee contribution system which reduced expenditures by \$90,000, successfully completed sexual harassment awareness training with 100% participation, introduced the City's first Retirement Incentive Offer with a goal of reduced personnel costs, and implemented an Activity Log tracking system for all employees for accurate recordkeeping.

Community Services provided quality events and services to our residents. The passport program served over 1,400 customers. The city's newsletter provided quality information to residents with a new look at half the cost. Blogging, press releases, involvement in our schools and improved relationships with the media, provided better communication to the public. The newly formed Happy Valley Youth Council comprised of six teens from local high schools gives youth a voice in the community. Community events including 4th of July, Summer Concerts and National Night Out make our City more of a community.

The Public Safety local option levy passed with overwhelming support due to the commitment of our citizens to maintaining a safe community. Our officers and detective solved many crimes and served as a deterrent to others. Municipal Court offered traffic safety education programs to help change bad driving habits and allow citizens to retain clear driving records. Code Enforcement and Animal Control resolved most situations with education and cooperation. Emergency Management Development adopted a Hazard Mitigation Plan which gives the city access to FEMA funds in the event of a disaster.

The Building Department issued over 80 permits so far this fiscal year while at the same time they educated builders which resulted in a higher standard of construction in the City. The department provided the highest quality customer service while it maintained cost efficient operations.

The Engineering Department completed project checklists and closeouts, performed inspections, reviewed plats and construction plans, provided the lead on the Safe Routes to School Grant (improvements on King Rd. /145<sup>th</sup> Ave.), began utilization of new GIS and full size plotter equipment and continued to work on extensive revisions to the City's Engineering Design Standards Manual.

The Planning Department processed all submitted "current planning" land use applications, reviewed plats and construction plans, performed inspections, and has taken on numerous "long-term planning/economic development" projects such as the City's Economic and Opportunities Analysis and Implementation Strategy, Strategic Investment Zone, Standard Enterprise Zone and similar planning activities.

Public Works completed two storm drainage projects in response to drainage concerns identified by engineering and field staff, sixty feet of drainage pipe was installed, and four tons of asphalt berms were poured. Project design and coordination was done in conjunction with Water Environment Service.

The Parks Department completed two major projects in Happy Valley Park. A tree line project replaced approximately 65 broadleaf and conifer trees and a well was drilled with the water to be used for irrigation purposes. The well should provide enough water for irrigation of roughly 25 acres and could potentially save the City over \$10,000 per year.

The Street Fund completed the annual crack sealing maintenance with two and a half tons of material being installed on identified roadways and installed 150 new street signs as part of a retro-reflectivity sign project in response to a new requirement in the Manual on Uniform Traffic Control Devices.

#### STRATEGY FOR FISCAL YEAR 2011-2012

The 2011-2012 budget is one piece of an overall plan to implement the mission statement and citywide goals set forth by the Council. Our 5 year projection is also part of that plan and was used to create this budget. The longer term view of the 5 year projection aides us in our quest to be sustainable by illustrating how this budget fits into the bigger financial picture of the City. A copy of the mission statement and citywide goals are included in the budget document.

As you look through the 2011-2012 budget you will see a significant change from last year. The Building Department is now incorporated into the General Fund. This change consolidates essential services into one fund and creates a comprehensive financial picture of those essential services. We believe this change will create a better long term structure for the City's complete development process.

We reviewed the forecast from the State and used it to create a budget that reflects the current state of the economy and incorporates our optimism about the future of our City. According to the State of Oregon Office of Economic Analysis forecast, Oregon private sector employment is expected to rise slightly in the latter part of 2011 with somewhat stronger growth in 2012 and 2013. Government employment typically lags the private sector and is expected to lose jobs in 2011, remain flat in 2012, and increase a bit in 2013.

Although the housing market continues to be depressed and home prices continue to decline Happy Valley has seen an increase in development and building activity. This budget takes those factors into account and estimates a moderate amount of new construction for the coming year.

The current staffing level is sufficient to provide the services required without hiring additional employees during the upcoming budget year and so there are no unfilled positions in this budget. Last fiscal year the City required employees to share in the cost of their benefits. This budget continues that cost sharing but does not increase the percentage paid by employees. There is a 2.0% Cost of Living Adjustment reflected in this budget which is lower than the current CPI but does illustrate our gratitude for continued excellent performance by our staff.

The total proposed budget for 2011-2012 is \$13,470,624 as compared to \$13,416,846 for the prior year. The slight increase is due to revenues remaining flat while expenditures decrease. This translates into an increase in contingency and reflects Council's view on maintaining adequate reserves for the City. We believe this budget takes into account the state of the economy but also reflects our optimism. We are committed to excellence and dedicated to serving our citizens by proposing this budget which is the foundation for what our City can become in the future.

#### **EXECUTIVE SUMMARY**

The Executive Summary on pages 8-13 is a high level comparison between this budget and the previous budget. It illustrates changes on a department by department and fund by fund basis with annotations about the changes noted on applicable line items.

#### ACKNOWLEDGEMENTS

In the budget document you will find a detailed description of each department and fund along with their programs, goals, and expenditures. This budget is the result of hard work and dedication by a group of professional individuals coming together as a team. Thank you to the City Council and members of the Budget Committee for your analysis of the budget and your support throughout the year. It is engaged and involved citizens like you who make Happy Valley a great place to work and live.

The City of Happy Valley strives to ensure fiscal responsibility and to operate each year as prudently as possible while maintaining the high level of customer service our citizens deserve.

The positive change in net assets from 2005 – 2007 was the effect of growth in the City. Development, construction, and building increased very rapidly during this time. City staff absorbed much of the increase with existing staff or by using contract services. The change in net assets includes all assets owned by the City therefore streets constructed as part of new subdivisions added to the City's assets. These street additions equaled \$5M between 2005 and 2007. Change in net assets includes all funds within the City and revenues in the SDC Fund and Building Fund together increased \$1M between 2005-2007.

The negative change in net assets from 2007 to 2008 was the effect of the bond issuance for construction of the City Hall building.

The negative change in net assets between 2008 and 2009 was the result of the completion of the City Hall project. This caused a decrease in Total Net Assets because cash, an asset, was used to fund non-asset expenditures. The Total Net Assets decreased because cash spent to build the City Hall was greater than the value of the building added to capital assets. This was due to other items needed to furnish the building which are not considered capital assets such as furniture, carpet, supplies, and other such operating expenses.

The negative change in net assets from 2009 to 2010 was due to the addition of long term debt payments, the effect of depreciation, and the effect of the ongoing economic downturn on building and development in the City.

The following table shows the change in net assets due to revenues and expenditures for each year. It also shows the effect of the change in net assets on the Ending Net Assets for each year.

#### SALARY SUMMARY

- This page summarizes salary and benefits for City employees. The combining statement on the following
  page is used to show the cost for each department and fund. It also clearly shows the Full Time Equivalent
  (FTE) budgeted for each fund and department as well as the City as a whole. When reviewing FTE remember personnel costs are no longer allocated between funds. A methodology was created to determine
  an amount each dedicated fund would transfer to the General Fund to cover their portion of personnel
  costs.
- Full Time Equivalent (FTE) is used to determine hours budgeted in each department. 1.0 FTE equates to a 40-hour per week employee.
- Personnel costs: There will be a 2% cost of living increase for current employees. There are no unfilled positions included in the budgeted personnel costs.
- Benefits required by law are:
  - FICA
  - Tri-Met
  - Workers' Compensation
- Benefits as offered in the City's employee manual include the following:
  - Medical and Dental Benefits: The City offers employees medical coverage through CIS Insurance. Employees have the option to choose between Regence Blue Cross and Kaiser Permanente. The costs for these benefits have been estimated to increase 12% for this budget. Employees pay 5% of the premium costs for medical and dental benefits.
  - *Life Insurance:* The City provides a life insurance benefit for employees with a coverage amount of \$15,000.
  - Retirement (PERS): This year's rate of 14.73% for PERS Tier 1 and 2 is 5.12% higher than the previous bi-annual rate of 9.61%. This year's rate of 11.11% for OPSRP is 2.17% higher than the previous bi-annual rate of 8.94%. The City employs twelve Tier1/Tier2 members and twenty-three OPSRP members. In the 2010-11 budget the City began setting aside an amount equal to 3% of salaries. This set aside amount will be used in future years to offset employer rate increases.
  - Disability Insurance The City provides a long term disability insurance benefit for employees with coverage beginning after 90 days. The City also provides an accidental death and dismemberment (AD&D) benefit for employees with a coverage amount of \$15,000.

# **GENERAL FUND**

- The General Fund accounts for all financial activities of the City except for those that by law or council decision are accounted for in other funds. The City's General Fund has five distinct departments: General Administration, Public Safety/Community Services, Building Department, Economic and Community Development, Public Works, and Parks.
- Main sources of revenue in the General Fund are:
  - o Land use and construction fees.
  - o Building permit fees
  - o City's portion of various state shared revenues.
  - Franchise fees from utilities operating within the City.
  - o Property taxes.
  - o Municipal Court fees.
  - Revenue from North Clackamas Parks and Recreation District for maintenance of Happy Valley Park.
- Expenditures in the six departments are in the areas of personnel and materials and services. General
  Fund capital outlay is expended in the Reserve for Replacement Fund which is financed by a transfer from
  the General Fund.

Budgets for Departments within the General Fund:

#### <u>Line</u>

- 2. Beginning Fund Balance: Funds available but not spent during the previous fiscal year.
- **3. Uncollected Prior Year Taxes:** Taxes levied in prior years but not collected until the current year.
- 4. **Current Year Taxes:** The City's permanent tax rate is \$0.671 per thousand dollars and is levied on the assessed value of the City as determined under current state law.
- 5. Interest Income: The City's cash is invested in the Local Government Investment Pool, which is operated by the State of Oregon Treasury and in other investments provided by Wells Fargo Brokerage Services.
- 6. State Liquor Tax: The statutory authorization for the distribution of the state liquor tax is ORS 471.810(a)(b) and 471.810(1)(d). 20% of the state's liquor receipts are distributed monthly to cities on a per capita basis. These funds may be used by the City for general government purposes. A portion of State Liquor Tax is distributed as State Revenue Sharing which is explained on Line 57.
- **7. State Cigarette Tax:** The statutory authorization for the distribution of the state cigarette tax is ORS 323.445. Two cents of the \$1.18 per pack cigarette tax are paid monthly to cities on a per capita basis.
- **8-11. Franchise Fees:** The City has franchise fee and privilege tax agreements with utilities operating within the City. The fees are based on revenues earned within the City limits. City ordinances require the following fees: Electric 3.5%, Telephone 7%, Cable TV 5% (includes FIOS), and Natural Gas 5.94%. The PGE 1.5% Privilege Tax is receipted directly in the Road Improvement Fund.
- **12. Erosion Control Permit:** Fees for single lot erosion control including re-inspection fees stemming from compliance issues.
- **13. Development Fees:** There are several categories of development fees. Certain fees are by type of application and other fees are a cost per lot to be developed. Also includes a plan review fee for each building permit. Fees are set to cover staff time and administrative/overhead costs.
- 14. **Construction Fees:** These fees are set to cover improvement plan review, overall development erosion sediment control plan review and inspection, and periodic construction supervision of public improvements by the City to ensure compliance with National, State, Regional, and City standards.
- **15. Cell Tower Fees:** Rental fees collected on cell phone towers in the City.
- **16. Park Reservation Fees:** Fee to reserve space at Happy Valley Park. User fees charged to sports teams help the City recover a portion the cost of maintenance for sports fields
- 17. Park Revenue from NCPRD: Revenue from NCPRD for maintenance of parks per the IGA.
- **18. SDC Administration Fee:** The City collects \$75 on each new residential construction permit to cover administration of the joint transportation SDC. The City collects 5% of park SDCs to cover the administrative costs of collecting, tracking, and remitting to NCPRD

### GENERAL FUND Revenue

<u>Line</u>

- **55. Community Events:** Grants, donations and fundraising to defray the costs of community events.
- **56. Grants:** The City applies for grants sponsored by federal, state, and regional governments and nongovernmental organizations to fund various projects and programs. This budget does not reflect that the City has received Transportation Growth Management (TGM) Grants. These monies are paid to the consultant directly by the Oregon Department of Transportation. The City pays for its match through inkind services, the cost of which is reflected in staff salaries. All of the TGM grants the City receives follow this method. This revenue source also includes the Metro Local Share project grant to the city in the amount of approximately \$380,000 for the acquisition and of development of green space areas.
- **57. State Revenue Sharing:** Authorization for this revenue is in ORS 221.770. 14% of the state's liquor revenues are paid quarterly to cities based on the formula outlined in the ORS. To receive the funds the City must hold a hearing on the use of the funds and levy property taxes in the year it will receive the funds.
- 58. Sundry Income: Unanticipated income (i.e., copy fees or refunds).
- **59.** Transfers In: Shown for historical purposes.
- **60. Transfer from Street Fund:** Transfer to cover overhead costs associated with personnel used by the Street Fund but expended in the General Fund.
- **61. Transfer from Pedestrian Improvement Projects Fund:** Transfer to cover overhead costs associated with personnel used by the Road Construction Fund but expended in the General Fund.
- **62. Transfer from Public Safety Fund:** Transfer to cover overhead costs associated with personnel used by the Public Safety Fund but expended in the General Fund.

#### GENERAL FUND General Government

Manager: Barbara Muller

#### STATEMENT OF PURPOSE:

The General Government Department of the City of Happy Valley consists of staff members charged with the day-to-day operations of the City and implementing the City Council policies and initiatives that set the course for the future. Staff members include the City Manager, City Recorder/Human Resources, Finance Officer, Program Coordinator, Office and Facility Services Coordinator, Administrative Assistants and Building Maintenance Technician. The General Government Department staff works together with the other City departments to ensure efficient operations, as well as providing critical informational links to citizens, the business community, volunteers, visitors, community partners and the elected and appointed officials of the City. These activities include:

- 1. Translating the City Council's goals and policies into budgetary priorities.
- 2. Management of all financial aspects of the City in accordance with generally accepted accounting principles as well as all Federal and State regulations. Automated systems are maintained to provide timely, useful, and accurate financial information to both internal and external users.
- 3. Responsibility for the Annual Budget, financial statements, external annual audit and administration of the bond issuance process and subsequent debt service payments. Management of City investments in the Local Government Investment Pool and investments maintained in approved investment vehicles.
- 4. Management of IT which includes the City's server system and a variety of software programs tailored specifically to meet the varying needs of the City staff.
- 5. Administrative support and receptionist services for all staff, recognizing the importance of accurate, timely, and courteous customer service.
- 6. Management of the City's insurance program including Property, Casualty, and Workers' Compensation. Risk management includes 1) identification of risk 2) risk assessment including minimizing exposures wherever practicable 3) transfer of risk utilizing risk management and insurance strategies 4) implementation and ongoing monitoring of the risk management plan 5) review and revision as needed.
- 7. Human Resources functions for the City, ensuring comprehensive and competitive benefit packages for its employees, and providing strategic interaction with all departments to attract, hire, and retain the best candidates for each position. When necessary, Human Resources also works collaboratively with managers to provide the best possible outcomes to challenges related to employees as they occur.
- 8. Administration and evaluation of Contracts, Intergovernmental Agreements, Bonds and other forms of financial guaranty which the City regularly requires for both developments within the City, as well as for projects initiated by the City Council.
- 9. Administration of City's website, providing the public with a wide array of up-to-date information pertaining to the community and their local government.
- 10. Office of the City Recorder maintains the official Ordinances and Resolutions of the City, and all records pertaining to the City Council, liaison with the Clackamas County Recorder's Office, as well as all archival responsibilities for City records. The City Recorder also acts as the Elections Officer, ensuring all applicable laws are adhered to during the course of all elections within the City.
- 11. Facility and Office Services plans, coordinates, and implements a broad range of services that allow the City and its staff to operate efficiently and safely. Monitors City's facilities to proper levels of safety, security, and maintenance. Also oversees office supply purchasing and maintenance contracts.

#### GENERAL FUND Public Safety/Community Services

Manager: Steve Campbell

#### STATEMENT OF PURPOSE:

The Public Safety/Community Services department at the City of Happy Valley is multi-functional. It provides enforcement of the Municipal Code, animal control services, emergency services in coordination with the Clackamas County Sheriff's office, administration of the emergency management plan and response program, organization of events such as the 4<sup>th</sup> of July, Summer Concert series, etc., erosion control permitting and inspection services, as well as Municipal Court services.

The Municipal Court is the judicial branch of the City and provides a local forum for the resolution of minor traffic violations, parking citations, minors in possession of alcohol and tobacco, and violations of City ordinances. The majority of cases heard in Municipal Court are traffic violations. Municipal Court has an established violations bureau offering violators the opportunity to resolve their citation in a non-court setting, thereby reducing the costs associated with a personal court appearance.

#### **PROGRAM OBJECTIVES:**

- 1. Code Enforcement:
  - a. Resolve conflicts through mediation between neighbors, developers and builders that arise as a result of code violations and livability conflicts.
  - b. Use code compliance function as an early detection or prevention mechanism for other problems that may be present in the neighborhood.
  - c. Quick response to complaints, increase the quality of code compliance and enforcement services to our citizens, and take a more pro-active approach with business license investigation and minor health and safety violations.
- 2. Emergency Services/Public Safety:
  - a. Coordination of public forums for citizens to address concerns directly with the Sheriff's Department and the assigned deputies.
  - b. Develop and manage neighborhood watch programs.
  - c. Liaison with traffic and public safety committee.
  - d. Management of police services.
  - e. Pursue grants and coordinate emergency services and homeland security.
  - f. Develop and implement emergency management plan.
  - g. Administration of Juvenile Diversion Program
- 3. Community Services:
  - a. Enhance communication between residents, business associations, and homeowner associations. Present information at homeowner association meetings. Give presentations to public groups, committees, and organizations.
  - b. Promote citizen involvement in and opportunities to learn about programs, services and operations.
  - c. Organize City events such as 4<sup>th</sup> of July, Summer Concert series, Christmas Tree lighting, etc. to promote quality of life within the City.

## GENERAL FUND Public Safety/Community Services

#### 4. Erosion Control:

- a. Review permit applications and erosion control plans for approval.
- b. Daily site inspections for erosion control compliance.
- c. Education classes for erosion control requirements and regulations.
- d. Enforcement for non-compliance.
- 5. Municipal Court:
  - a. Traffic and municipal code violation citations written within the City limits are directed to the City of Happy Valley Municipal Traffic Court. Court is held in the City Hall Annex biweekly. The Deputy Court Clerk processes citations and required paperwork before and after court is held.
  - b. Payment for some traffic violations occurs in a non-court setting via the established Violations Bureau, thereby reducing the judicial expenses and other costs associated with an additional court date per month.
- 6. Animal control:
  - a. Quick and courteous responses to service requests.
  - b. Educate owners on licensing, rabies eradication, animal care, and disease prevention.
- 7. Mediation
  - a. Reduce the number of conflicts within the community and the number of referrals to court.
  - b. Improve neighborhood and community partnership.
- 8. Business Licensing Program
  - a. Provide education and customer service regarding proper licensing.
  - b. Ensure compliance of all businesses with business license ordinances.
  - c. Assist planning with home occupation application. Review application, conduct initial inspection, and follow up inspections.
- 9. Contract Services
  - a. Provide Code Enforcement services to contract cities.
  - b. Provide technical support for court services to the City of Damascus

### GENERAL FUND Building Department

Manager: Ed Cameron

#### STATEMENT OF PURPOSE:

The Building Department provides code administration, inspection, plan review and permit services to the construction industry. These are integral to the safe and effective construction of structures in the City. Services are provided to architects, engineers, contractors, and members of the public who need code interpretation of the various specialty codes. Department staff maintains updated copies of Oregon's construction codes and rules for use within the jurisdiction.

Services are provided to contractors and the public to ensure organizations are operating in compliance with the appropriate laws, individuals are properly licensed, and products meet legal specifications. Permit and inspection services are provided to contractors and owner/builders who seek structural, mechanical, electrical, or plumbing permits. The department issues permits to administer and enforce the state's building codes. The permit process may include the review of plans for construction. Inspection services are also provided to building contractors and owner/builders in structural, mechanical, plumbing and electrical areas. The department operates with dedicated funds, the major sources of which are permit and inspection fees.

In accordance with ORS 455.210 (3)(c), expenditures in this fund are directly related to providing building inspection service on the specific permits sold and associated administrative services.

#### **PROGRAM OBJECTIVES:**

- 1. Provide a full service, computerized, permit issuance/tracking, plan review and inspection department.
- 2. Recognize and meet the work plan and program standards mandated through the Tri-County Service Board (State of Oregon Building Codes Division Northwest Regional Office).
- 3. Issue timely building permits for residential and commercial projects following submission of complete permit applications and plans.
- 4. Accomplish all requested building inspections within 24 hours of date of request.
- 5. Respond to public concerns within 48 hours from date received.
- 6. Provide inspection services and plan review to the City of Milwaukie per the IGA.
- 7. Manage revenues and expenditures prudently and responsibly.
- 8. Allow for, facilitate, and encourage alternate methods of construction and or materials.
- 9. Provide code resources for architects, engineers, building contractors and homeowners.
- 10. Uniformly administer and enforce the state building codes, city ordinances and policies that set standards for construction.

# City of Happy Valley Fiscal Year 2011 - 2012 Budget

This Page Intentionally Left Blank

GENERAL FUND Economic and Community Development

Manager: Michael D. Walter, AICP

#### STATEMENT OF PURPOSE:

The Economic and Community Development Department consists of the Planning Department and the Engineering Department, each have specific responsibilities, though many are "inter-departmental", particularly in relationship to development reviews.

#### Planning

The Economic and Community Development Department guides residential, commercial and industrial growth to facilitate the continual improvement of Happy Valley and the quality of life of our residents. The Department works directly with city officials, regulatory agencies, advisory committees, citizen committees, the general public and developers to optimize land development and ensure compliance with the adopted land use regulations and policies. These regulations include, but are not limited to, the Comprehensive Plan, Development Code, Transportation System Plan, Parks Master Plan and the Rock Creek Comprehensive Plan, in addition to state and county regulations and policies.

The Economic and Community Development Department is responsible for technical review of preliminary and final subdivision plats, design review, transportation planning, environmental planning, landscape plan review, annexations, and "special projects" such as development agreements and intergovernmental agreements (IGA's). In addition, the Economic and Community Development Department is responsible for all economic development activities and programs as well as all long range planning projects. Further, the Economic and Community Development Department Department is a key resource in developing the city's Capital Improvement Plan and for conducting strategic planning to include future annexation of property to enhance the livability of the city. The staff is also responsible for coordination with surrounding jurisdictions including Clackamas County, Metro and various state departments.

#### Engineering

Engineering oversees construction and improvement of city facilities and infrastructure, such as streets and utilities. The staff also provides public works related inspections. The Engineering staff is responsible for review of plans, monitoring construction activities, and capital improvement projects within the city. In conjunction with other city departments, the engineering staff works to provide strategic planning related to new development, transportation improvements, utilities, city-supported public works programs and capital improvement projects.

#### **PROGRAM OBJECTIVES:**

#### Planning

General:

- 1. Ensure the design of development projects to enhance functional and visual characteristics of the community.
- 2. Provide information and assistance to developers and the general public regarding development requirements in the city, the planning process, and Planning Commission and City Council procedures.
- 3. Coordinate planning and economic development efforts with other city departments and local, regional, and state planning agencies and organizations.
- 4. Review, research, and update the Comprehensive Plan and Land Development Code for the city to ensure that it meets the goals prescribed by regional and state planning agencies as well as the City Council and Planning Commission.

## GENERAL FUND Economic and Community Development

## STREET MAINTENANCE FUND

Manager: Chris Randall

- The Street Fund accounts for the maintenance of streets and rights of way in the City.
- The majority of revenue is from the City's share of the State Highway Trust Fund from a per-gallon gasoline tax and state vehicle registration fees. State Highway Trust Fund dollars must be used for road related purposes according to Section 3, Article IX, of the Oregon Constitution.
  - The majority of State Highway Trust Fund revenues are divided between the state, counties, and cities, after the cost of collection and administration are subtracted. The 2009 Transportation Package (HB2001) passed in 2009 provides a phased in increase in revenues to cities from: a six-cent increase in state gas tax was implemented January 1, 2011; increases in vehicle title and registration fees; and weight-mile fees paid by truckers. This phase in is reflected in the estimated amount of revenues.
- Also included in revenue is interest earnings based on fund balance. Property taxes are not used to pay for street repairs.
- Expenditures are directly related to street operation, maintenance, preservation, signage, reconstruction, overlays, thin lift overlays, slurry seals, and crack seals.

## STREET MAINTENANCE FUND

#### STATEMENT OF PURPOSE:

The Street Maintenance Fund provides operation, maintenance, and preservation of all paved roads and streets within the City. Maintenance activities include but are not limited to pothole patching, street reconstruction, thin lift overlays, seal coating, crack sealing, street sweeping, sign replacement, fog and centerline striping, median maintenance, debris pickup and removal, and hazardous spill cleanup. All maintenance activities are coordinated with other agencies such as Water Environment Services (WES) of Clackamas County, Clackamas County Department of Transportation and Development, and the Oregon Department of Transportation. This combined effort activities listed above improve the quality of life for the citizens of the City.

#### **PROGRAM OBJECTIVES:**

- 1) Provide City citizens a high level of customer service related to the following.
  - a) Operations, maintenance and preservation of city streets.
  - b) Coordination of surface water issues with Water Environmental Services.
  - c) Installation and maintenance of signage.
  - d) Installation and maintenance of traffic striping.
  - e) Street sweeping.
  - f) Debris pickup and hazardous spill removal coordination.
  - g) Inclement weather services including: snow removal and sanding icy roads.
- 2) Meet and exceed when possible the street maintenance index.
- Utilize best management practices (BMP) on all street reconstruction projects, when project scope allows.
- 4) Consider the use of all applicable street maintenance practices to include one inch thin lift overlays when applicable.
- 5) Promote and pursue the use of the Pedestrian Master Plan.
- 6) Update as needed our street standard construction details to address changing needs.
- 7) Promote recycling and sustainability practices.
- 8) Work with the Engineering Department related to the following
  - a) Inspections
  - b) Public Rights-of-ways
  - c) Street maintenance and preservation
  - d) BMP reviews
  - e) Street design and reconstruction
  - f) Training and continued education related to street maintenance practices

## STREET MAINTENANCE FUND Revenue

### <u>Line</u>

- 2. Beginning Fund Balance: Funds available but not spent during the previous fiscal year.
- 3. Interest Income: The City's cash is invested in the Local Government Investment Pool, which is operated by the State of Oregon Treasury and in other investments provided by Wells Fargo Brokerage Services.

## SYSTEMS DEVELOPMENT CHARGES FUND

Manager: Michael Walter / Chris Randall

ORS 223.297 to 223.314 provides a uniform framework for the imposition of systems development charges (SDC) by governmental units and established that these charges may only be used for capital improvements.

ORS223.307 sets authorized expenditure of system development charges. Stating improvement fees may be spent only on capacity increasing capital improvements, including expenditures relating to repayment of debt for such improvement. An increase in system capacity may be established if improvement increases level of performance or service provided by existing facilities or provides new facilities.

ORS 223.311 requires systems development charges be deposited into accounts designated for such monies and an annual accounting of these funds is to be made.

Revenue consists of Storm Drainage systems development charges as per the City's adopted capital improvement plan and interest allocated on the fund balance.

Expenditures are discussed below.

Storm Drainage SDCs

• The Storm Drainage SDCs will be used to complete Capital Strom Drain Projects as identified in the City's Strom Drain Master Plan. Projects are planned within the City's major drainage ways and are focused on watershed protection/enhancement activities.

**Transportation SDCs** 

- All transportation SDCs collected after January 2002 would be transferred to Clackamas County per the joint Transportation SDC agreement. The intergovernmental agreement (IGA) states Clackamas County would be the administrator and provide an accounting for the Joint Transportation SDC funds.
- The City retained transportation SDC money collected prior to January 2002. Those remaining funds are used on a list of capital projects identified in Resolution 91-04 and updated in Resolution 04-02.

Park SDCs

- June 2006 the City annexed into the North Clackamas Parks and Recreation District (NCPRD). Park SDCs collected after July 1, 2006 are transferred to NCPRD for Capital Projects. NCPRD is the administrator and is responsible to provide an accounting of the Parks SDC funds.
- The City retained any Park SDC funds collected prior to July 1, 2006. Those funds are used on a prioritized list of capital projects approved by City Council in May 4, 2010.

## PEDESTRIAN IMPROVEMENT PROJECTS FUND

Manager: Michael Walter / Chris Randall

- Revenue is from collections from other entities or transfers from the General Fund for road construction or maintenance. Beginning in 2004-05, revenue also includes the 1.5% privilege tax collected by Portland General Electric reserved for construction of bicycle and pedestrian pathways.
- Expenditures in this fund are planned bicycle and pedestrian pathways and other pedestrian improvements.
- The City was awarded a Safe Routes to School Grant in the amount of \$481,000. The grant could require
  up to a \$350,000 match by the City where \$200,000 would be expended out of this fund and \$150,000
  would be expended out of the Storm portion of the SDC Fund. The project will be administered by ODOT
  and although the \$481,000 will not be receipted into the operating budget the City will receive the benefit of
  the project.
  - The grant will provide for the construction of improvements including sidewalks and bike paths on a portion of 145<sup>th</sup> Ave and King Road. The grant is intended to fund site preparation and staging; roadway work (excavation, fill, base construction, etc.); other construction (street lighting, utility work, etc.); public right-of-way acquisition; preliminary engineering; and, construction engineering.
- The City will continue to apply for grants and if received, those funds could be used as the City's matching portion.

## **PUBLIC SAFETY FUND**

Manager: Steve Campbell

The purpose of the Public Safety Fund is to provide public safety services to citizens at the level promised when the Local Option Levy was passed by the voters of the City.

- This fund accounts for tax dollars collected for contract law enforcement services which include around the clock services by sworn officers dedicated to the City, a full time sergeant as a field supervisor, Happy Valley identification on police cars, as well as local control, supervision and administration of the services provided.
- Revenue consists of Local Option Levy property tax collections and interest allocated based on any reserves.
- Expenditures in this fund are for public safety services, administration, equipment and facilities costs.

#### **BUDGET SUMMARY:**

## PUBLIC SAFETY FUND Revenue

### <u>Line</u>

- 2. Beginning Fund Balance: Funds available but not spent during the previous fiscal year.
- 3. Uncollected Prior Year Taxes: Taxes levied in prior years but not collected until the current year.
- 4. **Current Year Taxes Levy:** In November 2006, the City passed a local option tax levy allowing the City to levy \$1.38 per thousand of assessed valuation for a period of four years to fund full time police protection within the City limits. Funds are receipted in the Public Safety Fund for a clear accounting to the voters.
- 5. Interest Income: The City's cash is invested in the Local Government Investment Pool, which is operated by the State of Oregon Treasury and in investments in accordance with Oregon statute and City policy.
- 6. **Reconciliation:** Result of the reconciliation process between the City and Clackamas County regarding the actual services provided compared to the services outlined in the contract. The process happens annually in September.
- 7. **Sundry Income:** Unanticipated income.

# City of Happy Valley Fiscal Year 2011 - 2012 Budget

This Page Intentionally Left Blank

## **RESERVE FOR PENSION FUND**

Manager: Barbara Muller

- This reserve fund was created to set aside funds to offset the volatility of the Public Employees Retirement System (PERS) employer rates charged to the City. Due to the economic downturn the PERS unfunded liability has grown and will impact rates charged. Under current statute there is a 6% rate increase if the Oregon Public Employee Retirement Fund (OPERF) is less than 80% funded. The City's bi-annual employer contribution rates for 2013-15 will be determined by the status of the fund at December 2011.
- The City's bi-annual employer contribution rates for 2011-13 increased 5.12% from 9.61% to 14.73% for PERS and 2.17% from 8.94% to 11.11% for OPSRP employees. Those increases are reflected in this budget.
- Revenue for this fund is a transfer from the General Fund for future pension liability.
- Expenditures in this fund will be used to offset the increase in the City's PERS employer rates in future years.
