

Addendum No. 1

Page 1 of 1

March 5, 2020

No: ITEM:

CHANGE OR CLARIFICATION:

1. Section 3.2, Schedule of Values Form, Page 23.

Modification:

Due to the traffic control impact of salvaging existing legends that are in acceptable condition, ALL Bidders shall **DELETE BID ITEM 2. WORK ZONE TRAFFIC CONTROL**, by drawing a line through that bid item.

Some legends are in good condition and do not need to be removed or replaced, as will be determined in the field by the OWNER. As opposed to the original lump sum traffic control bid item, the **cost of traffic control shall be included in each of the unit costs bid for each work item, including bid items 3 through 12.**
